

1250

COIN COUNTER AND SORTER

FAST AND EASY COUNTING AND SORTING

With a large hopper that can hold 500 coins and a counting speed of 220 coins per minute, the Safescan 1250 will have your coins counted in a flash. Simply pour all the coins from your till or bag into the hopper—no need to sort them in advance—and press start. Let the 1250 help you optimize your cash-counting workflow. Simply press “batch” and enter the desired number for each coin denomination, then press start. The 1250 will automatically pause each time a coin cup reaches the programmed amount. There’s no faster way to prepare your coin rolls, bank deposits and cash drawers.

- Counts and sorts 220 coins per minute
- Hopper capacity of 300-500 coins
- With add and batch function
- Total value and quantity per denomination
- Print function: export the count results to TP-230 printer (available as option)
